SMOTHERED THE COLTS.

Senators Had a Hollow Victory, Hitting

Terry Hard in Two Innings. There were about 1,300 spectators at yesters day's game between the Senators and Auson's aggregation. The crowd was a liberal one and applauded the good plays of the visitors as well as the consistent good work of the home team. It was really a good day for the Washingtons, because they not only defeated the Chicago's, and won their fourth consecutive game, but they pailed themselves out of last place, the Louisvilles being defeated by the New Yorks.

Terry was in the box for the visitors and he was hit for thirteen singles and a double in the third and fourth innings. But he was placky and stack to it, and changing his pace he could not be found afterward. Stocksdale was steady and had excellent control of the hall. Only in one inning were visitors able to do anything with him Abbey's butting and fielding were the features the game. Cartwright, too, had his eye in the ball. "Roaring Bill" Hassamaer made so singles in one inning, and he made a

est throw to second, completing a double my in the first inning. play in the first inning.

The Scantors were not slow in getting in
the game, scoring in the first inning on
Joyce's base on balls and Abbey's threebagger. The hits in the third inning came
nearly as fast as the shots in a sham battle.
Has samer and Abbey both singled twice, and

Senseen, radiced, Stocksdate, and Shiebeck sincled ones, while McGuire sacrificed and Cartwright went to first on balls. When the snoke eleated away seven runs had crossed the plate, six of which were earned. Terry had very little rest, and the Senators again went at him in the third, scoring six was on singles by Hassamer, Abbey, Me-vaire, Cartwright, and Stocksdale, a double by Hadford, and bases on balls to Joyce and selbach, and Shiebeck being hit.

The visitors did not score until the third,

on Schriver put one over the left-field ce for a homer. In the fifth Stocksdale ased up, and after Hyan went to first on balls Dahlen, Wilmol, and Decker lift for singles and two runs were scored. The score:

PATTERSON WAS INDORSED.

Stockholders of the People's Transportation Company Commend the President. The trouble between some of the stockholders and the president of the People's Transportation Company appears to have been settled. A meeting of the stockholders was called for last night by several of those who were understood to be opposed to Patterson's management. This meeting was hold at Mount Pisgah Church, Tenth and B streets, oth factions having been well represented.

The result of the proceedings was favorable to Patterson. Addresses were made by Dr. George W. Bryant, Vice President M. Jordan, S. G. Thompson, and Thomas L. Jones. The speakers expressed themselves as strongly in favor of maintaining the credit of the contraction. the company and of co-operating with the president in his efforts to make the undertaking a business success. Mr. Patterson was commended and indorsed. This indorsement was shared in by the directors of the com-

President Patterson was asked yesterday what he had to say about the committee now supposed to be at work investigating him. He said that he wasn't able to pay much attention to those matters right now. The company, he claimed, is doing a good business and his efforts were for a continuance of such a result. His promised statement will be made some time this week.

JOHNNY TIPTOED HIS FIELD.

Elmstone, Detroit and Somage Were Three Hot Choices Which Failed to Land the Money-Jockey Davis Did Not Ride Well On Either Mollie Penny or Eunice.

But two favorites won at the Alexander Island track yesterday, and they were Benjamin at 4 to 5 and Beautiful Bells at 1 to 2. There were three odds on choices which failed to score, and they were all heavily played. The defeats of Detroit. Somage, and Elmstone were severe blows to the people

who ninned their faith to them Those who look deeper into form than the average race track visitor, played Magnet to beat Somage and Johnny to beat Elmstone, and they cashed. Detroit's defeat was a decided upset and principally due to Donnelly's good handling of Some More. In the last race Johnny tiptoed his field and won easily. Davis rode two very peculiar races on Mol-lie Penny and Eunice, and their performance yesterday need not be taken into considera-tion when either starts again. Summaries: How the Horses Ran.

To Represent District Assembly, No. 66, at the National Convention in New Orleans.

The first was the election of a delegate and an alternate delegate to represent District Assembly, No. 66, Knights of Labor, at the national assembly, which meets November 13 in New Orleans, and the other is the probable removal of the national headquarters of the Knights of Labor from Philadelphia to Wash-

District Master Workman W. H. G. Simmons was chosen as delegate to New Orleans, and Joseph K. Potter, editor of the Labor Advocate, was elected as his alternate. There were three candidates before the assembly for the position of delegate, viz.: Messrs, Simmons, Potter, and S. A. Clements,

Messrs, Simmons, Potter, and S. A. Clements. There was no particular issue invoived, how-ever, and while each of the candidates had his friends the result when announced was pleasantly acquiesced in.

Considerable importance attaches to the position of delegate this year since many questions of vital concern to the order and to inforing men generally will come up, the members say, for review and adjudication in the next national assembly.

Each successive session is of more important than its predesses of the control of the co

the successive session is on more impor-tance than its predecessor, on account of the growth of the order in numbers and influence. Hence it is, that organized labor everywhere, and in the District no less than in other sec-tions, is looking forward to the next general council with more than usual interest. The delegate elected last night goes unin

structed upon every question that may be upfor consideration.

It was confidently expected that General
Secretary-Treasurer Hayes, of Philadelphia,
and B. H. Martin, of Minneapolis, a prominent member of the National Executive
Board, would be present at the meeting last
night, but both gentlemen left the city the
evening before. They have been in Washington for several days, and it is understood
the particular object of their visit was to

It is reported that they especially interviewed such of the members of the House as are candidates for re-election with the view obtaining from each a declaration as to his position upon certain measures in which organized workingmen are interested, and that the information gained is to be used for or against each as he may or may not have given satisfactory pledges.

It is understood also, as above stated, that

a removal of the national headquarters from Philadelphia to this city is in contemplation, and a part of the business of Messrs. Hayes and Martin was to look up a suitable building for the use of the executive officers They gave out no information upon this boint, and it is not known whether or not lefinite arrangements have been consum-nated, but it is believed that eventually the transfer will be made.

Not only are the local Knights interested in the coming encampment, but the citizens generally are anxious to make the affair a success. This is also evidenced from the fact that the financial outlook is brighter than at any time since the citizens' committee was

organized. Within the past few days a number of new subscriptions have been piedged and several thousand dollars collected on old promises. The finance committee received the following additional subscriptions to the encampment fund vesterday: H. B. Denbam & Co., \$50; C. Zimmerman, \$5, Huyler, \$15; Wimsatt & Uhler, \$5, and H. S. RECEPTION TICKETS GIVEN OUT. At hendquarters Secretary McClintock, of the public comfort committee, was busily engaged in preparing to wind up the commitvious to establishing offices tee's business previous to establishing offices in the depots. The names of landladies and number of rooms and houses have been entered on the assignment cards prepared for the purpose, and those visitors who apply for accommodations are quartered as soon as possible. Shortly after 12 o'clock Mr. McClintock began the distribution of tickets for the supreme lodge reception, and in three hours had disposed of nearly 2,000. Each invitation entitles a person to three tickets of admission. Three thousand invitations have been sent three thousand invitations have been sent out, requiring 9,000 seats, but there are only tickets for 3,144 chairs to be disposed of. This makes a rather complicated and embarrassing state of affairs, and the only way out of the difficulty seems to be in the hope that not more than a third of those holding invitations

will apply for tickets. If this is not done the committee anticipate considerable trouble and annoyance on Monday night. At a meeting of the committee on Humina-tion and flreworks held yesterday evening. tion and fireworks held yesterday evening, it was stated that from the number of replies received, not less than 190 floats and teams will participate in the commercial parade and trades display. Among the features of the parade will; be two tally he coaches gaily decorated and attended by coachmen and trumpeters, and a McShane bell toundry float carrying an immense bell which will be tolled during the parale. Two bands will add to the attractiveness of the display, and the Adams Express Company have donated two of their wagons to convey musicians in the

parade. The committee requested President Dun-lop, of the cable road, to decorate his cars wednesday night, but he declined to do this, stating that if nails are driven into the cars considerable damage will be done. He may, however, use Chinese lanterns for illumination. The commercial paradie will assemble at Washington Circle promptly at 7:30 o'clock and move down the avenue at 8 o'clock. The committee has made this arrangement so that the horses may be in their stables by 9:30 o'clock.
